Written Summary

Describe Your Project:

My mom made miniature amautiks to put on some of my Barbie Dolls as a display. There was a traditional amauti, a modern amauti, and a snugly. Most people liked the traditional amauti.

Resources: How Did You Find Your Information?

I found my information on the Internet, from my mom and dad, from my teachers, and other people at my school.

What Did You Find Out As A Result Of Your Research?

I learned that there are many different types of amautiks like the Akulik, the Pukilik, the Kaiptaq, and the Tuilik. I learned that some amautiks are complex [difficult] and some are easy to make and sew.

Describe Your Personal Interest In The Project And Why You Chose It.

I think they are very traditional and I think pretty cool, too.
I chose the amauti because I wanted to do some thing interesting
and new. And because I like them!
